

Information about the Apartment

General info

Smoking

The ferry is a non-smoking ferry – inside and outside!

If you need to smoke please step onto land.

Internet

The Internet is Floating G.O.A.T and the password is: MarkWaterside. (Our company name is 'Mar-k Waterside'). Please follow us on FB and Instagram & share your experience with your friends 😊

If for some reason the internet is not working, please unplug the modem, wait for a few seconds and plug it in again. The modem will restart.

Air condition

There is 1 air-condition in the apartment in the kitchen area. We have experienced a few times that it has not worked – either because of batteries (we have left extra in the kitchen draw) or because it has stalled. If it stalls, you can use a pin and poke it into one of the little holes on the remote. It is the second little hole from the right – otherwise write to us, and we'll come and do it.

Bathrooms

Water & toilet

Even though you are on a ferry, the toilet and taps are connected to the normal systems on land. Therefore it is a normal working toilet and normal drinking water in the taps. However, there is a pump pumping the water from the ferry to dock-side that does not take well to anything but toilet paper. Therefore please only throw toilet paper in the toilets, thanks 😊

Shower

The left knob of the shower turns the shower on, and the right knob will change the temperature.

Toilet paper & Kitchen roll

We will leave at least 1 toilet roll pr. person and 1 kitchen roll for your use during your stay. If you need more, feel free to buy it at one of the nearby stores (See more info on stores).

Kitchen

Salt, pepper & etc.

We will make sure there is salt and pepper for your use and some coffee capsules for the Nespresso machine to start off your stay.

Washing up

The apartment is not big enough for a dishwasher, so please wash up your used plates etc. We will provide you with soap, brush, cloth, tea towel etc. You'll find the washing up basin under the sink.

Garbage

If you need to throw out garbage while you are here, use the white buckets in the hallway. You share these with guests next door.

Bedrooms

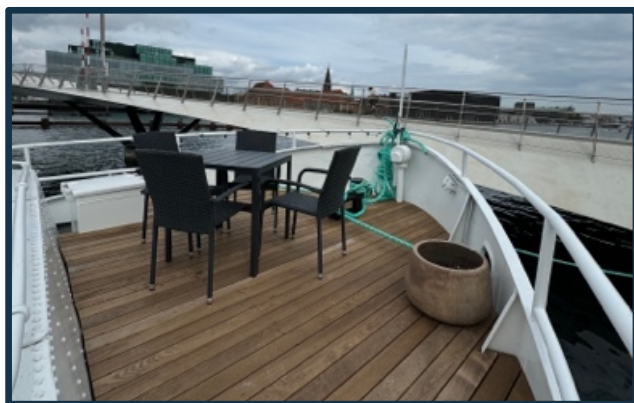

Bedlinen & Towels

We have provided bedlinen and towels for your stay. We will provide 1 bath-towel and 1 hand-towel per person.

Outside

Terrace

You enter the terrace by going out through the main Ferry door and walk left up alongside the ferry (where there is a wire fence). Your terrace is the one at the very front of the ferry with a table and 4 chairs.

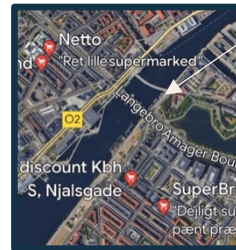

Remember not to smoke onboard the ferry!

Information about the neighborhood

Food shopping – Stores

The closest grocery store is Discount 365. Apart from 365, there is a Super Brugsen and 2 Netto's close by, that are also grocery stores.

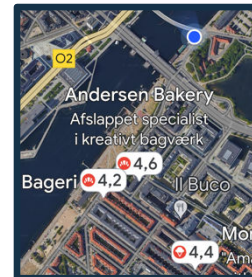

Ferry

Bakeries

If you want to buy nice homemade bread, we recommend 'Andersens bakery' or 'Hart'.

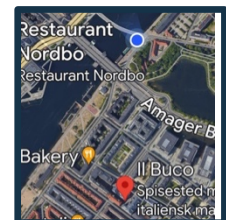

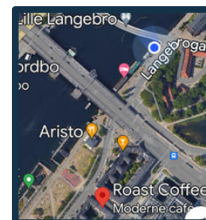

Further down Islands Brygge you will also find 'Lagkagehuset' and 'Emmerys' that sell homemade bread.

Local Café's

You can buy a very good cup of coffee at the bakeries mentioned before. On top of this we can recommend the coffee shop 'Roast Coffee', where they roast the coffee at the café.

Further down the road is the 'Kulturhus' that means Culture House. It is not anything special in regards to food or coffee, but it has a large sunny terrace by the water, that is very nice to enjoy a cup of coffee when it is warm and the sun is out ☺

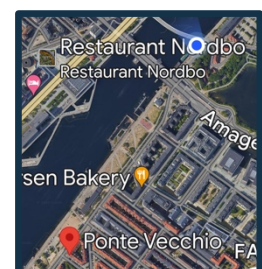

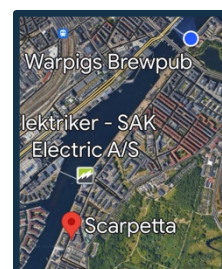

Local restaurants

In the neighborhood we have some very nice restaurants. We can recommend a lot of them – But here are a few recommendable:

'Ponte Vecchio' <https://pontevecchio.dk>

'Scarpetta' <https://cofoco.dk/scarpetta-islands-brygge/>

Copenhagen has a lot of very good restaurants. It is difficult to mention only a few. Please google or ask with your budget range and wishes.

Take Away

There is a broad range of take-away places in the neighborhood including pizza & Durum rolls, Asian, burgers, sushi, bagels etc.

We recommend:

'Shawafël' for Durum rolls,

'Hatoba' for Sushi

'Fatty's' for burgers

Use google maps and type in your desired food and you will find several matches.
