

How do I get to the ferry?

Arriving Instructions

Arriving by car - Parking

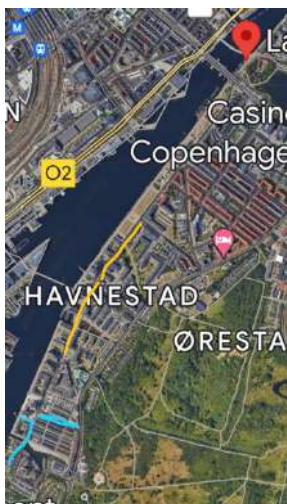

There is street parking right outside the ferry on the other sides of the road.

However, it cost a lot of money each hour (ca 44 kr/hr during the day time), so we recommend that you drop of your stuff and park further down the road and have a nice walk back alongside the water. (NB parking is only allowed minimum 3 m from the double line!)

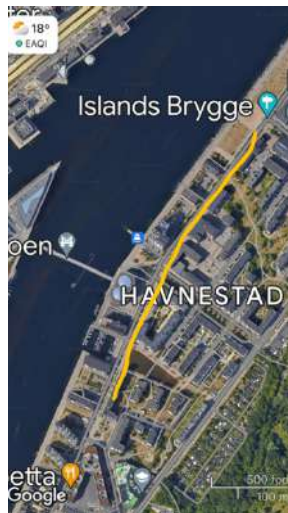

If you are here for the weekend, you can park at the 3-hour parking (if you arrive after 16.00 / 4 PM) as the 3-hour rule only applies on weekdays from 8-19. The 3-hour parking is ca 1 km away and will take you ca 10 min to walk back to the ferry. The 3-hour parking starts after the coffee shop 'Lagkagehuset' on the street 'Islands Brygge'. See the photo below and look for the signs.

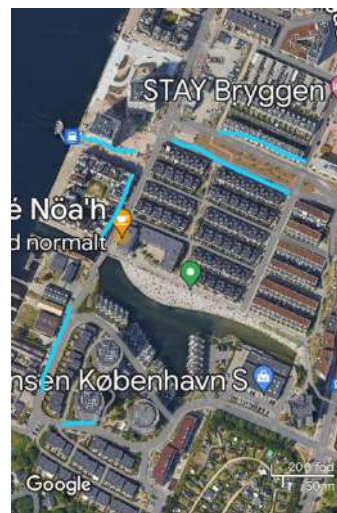

If you are here during the week days, you'll have to drive a bit further to have free parking on the streets 'Hilmar Baunsgaards Boulevard', the very end of 'Islands Brygge' or on 'Rundholsvej'. It is important that your wheel is not outside the white line (where there is a white line) as you will be fined. See photo below. It is ca 2 km away and the walk will take you 20 min.

Arriving by plane? - Public Transportation from the airport

If you arrive at Kastrup Airport, you can take the Metro from terminal 3 to Christianshavn Station. It is 7 stops on the yellow line.

From Christianshavn Station to the Ferry there is 800 m and it takes approximately 10 min to walk.

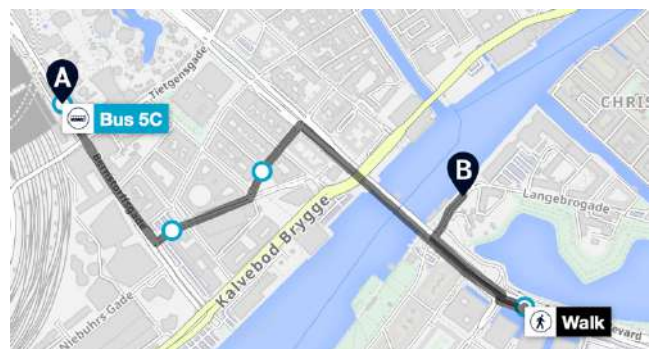

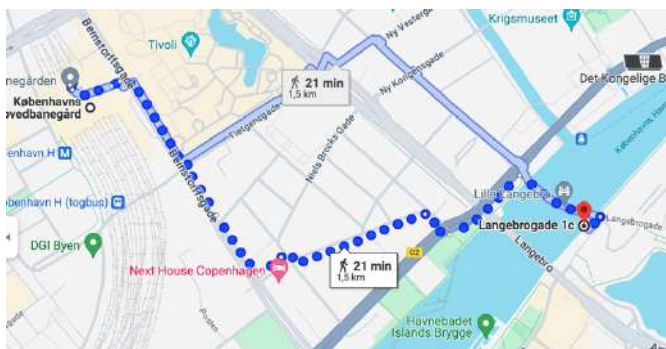

A taxi from the airport is approximately 300-350 kr depending on what time you arrive.

Arriving by train? Public Transport from the Main Train Station

The distance from the Main Train Station to the Ferry is 1,5 km and will take ca. 20 min to walk. It is also possible to take the 5C bus 3 stops and get off right after you have gone over the bridge and walk the last 200 m.

A taxi will be around 150 kr.

Public Transportation – In general

You can use the app (or homepage) 'Rejseplanen' (Journey Planner) to find the best travel route and times for public transportation. www.rejseplanen.dk

You can also purchase a ticket in the same app. You are not able to buy a ticket on the busses, whereas you can still buy a ticket at most train- and metro stations.
