

Check-in & Check-out info

Before arrival we will send you your own personal access-code that will work for the outside door as well as the front door to the apartment inside. Check-in time is 15.00 (3 pm).

Floating G.O.A.T is moored on Langebrogade 1c, 1411 Copenhagen K.

There are 3 ferries next to each other. The Floating G.O.A.T is the one closest to the lower bike bridge.

How to get to into the ferry

- a) Choose the ramp going up
- b) Activate the keypad by pressing anywhere on the keypad.

The keypad is activated when it lights up.

- c) Enter your personal access code followed by #
- d) Press down the handle when the lock opens.
- e) Enter the Outside door, and you will see the apartment front door right in front of you.

How to get to into the Apartment

You find yourself in a little hallway and you will see the white apartment front door right ahead of you. The little hallway is used by our hostess and cleaner as an office, so be aware that this hallway is not a part of the apartment.

- f) Repeat the actions on the keypad to enter the apartment.

The Access code works for both doors.

Inside the apartment are 2 electronic keys that work by tapping the key on the keypad.

Luggage – Storage boxes

It is possible to come to the ferry before check-in and leave your luggage in our storage box. **Just ask for the code in the Airbnb thread.**

If the apartment is ready for you before check-in time, the cleaner will write you a message.

Please let us know if you wish to use the box in advance, so we can coordinate. The storage box might also be used by the people checking out, so you will have to accept that both parties have access.

If you want private storage, I will guide you to some storage points later in this document.

Our Storage box is under the bridge.

Please use the ramp going down, and you will find the storage box with a pad lock.

The storage box is waterproof and spacious.

Should there not be room, we have other solution that we can offer.

Check-Out Information

Check-out time

Check-out time is at 11.00. Please respect the check-out time as the cleaner needs to clean before other guests may arrive at 15.00. Thanks ☺

Cleaning

You have paid for cleaning, so you don't need to clean the apartment. However please tidy up after yourself and wash up any dirty dishes or put in the dishwasher, so the cleaner can clean ☺

Garbage

The apartment has 4 garbage bins:

- 1 beige bin on the side of the kitchen for plastic and metal
- 1 beige bin on the side of the kitchen for recyclable cans and plastic bottles (see symbol)
- 1 green bin under the sink with a green bag in it for organic materials (food)
- 1 grey bin under the sink for everything else

Please leave glass standing on the kitchen table and we will throw these out in a glass container.

If you are staying for more than 3 days, we can arrange that the cleaner goes in and empties your bins.

Bedlinen & Towels

When you leave the apartment please leave the towels in the bathroom and leave the bedlinen on the beds. We will take them off for you.

If you are staying in the apartment 5 days or more, we offer a fresh set of towels halfway in your stay.

Keys

Please make sure the back door to the apartment is locked (pull up handle to lock) and the electronic keys are hanging on the hooks.

Baggage

It is possible to leave your bags after check-out if you have the day to explore Copenhagen. Please contact us, if you need to do this.
